**Disbursement of Federal Graduate Loan:** The Department of Education will electronically transmit your PLUS loan proceeds directly to our office. Federal regulations require that certain fees be subtracted from your loan before we receive the proceeds. These fees are called origination fees and represent approximately 5% of your Graduate PLUS loan amount. As a result, the amount of the Grad PLUS loan you receive is less than the amount you requested above. Please contact the Office of Financial Aid for a suggested amount to request which will take the origination fees into account.

**We do not accept electronic signatures; please provide a handwritten/wet signature.**
