

Adrian College

In response to recent posts on social media, please know that Adrian College has not made any final decisions with respect to eliminating majors, minors, or academic departments.

A committee is being formed made up of faculty and administrators to review majors and minors and to make recommendations to the president and the board of trustees on the most efficient and effective organizational structure for academic programming.

More information will be forthcoming as the committee continues its work. We anticipate this committee will meet throughout the academic year.
