

Adrian College is seeking adjunct science education professionals to teach our non-majors Biology and Society (BIOL101) four credit hour courses. The candidate will teach one lecture section (32 students) and two lab sections (16 students per section) of Biology and Society (BIOL101) during the fall 2016 semester. The successful candidate will possess a Doctorate in Biology or related discipline. ABD standing may be considered. The candidate should be able to utilize our departmental syllabus template and objectives, approved textbooks, and supplemental course materials. Previous teaching experience is also highly recommended. Interested applicants may send vitae, cover letter and transcripts to Melissa Freshcorn at mfreshcorn@adrian.edu.
