#### **5.1.5.1 Timely Warnings and Emergency Notifications**

##### ***Policies***

##### Timely Warnings

The Director of Campus Safety or a designee will develop timely warning notices for the College Community to notify members of the community about serious crimes against an individual(s) that occur on campus, where it is determined that the incident may pose an ongoing threat to members of the College community. The warning will then be issued through the college e-mail system; the electronic notification is immediately accessible via computer by all students, faculty, and staff. Department of Campus Safety *may* also post a notice on the campus web site at [www.adrian.edu](http://www.adrian.edu), providing the college community with a more immediate notification.

Timely Warning Notices are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of Aggravated-assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by the Campus Safety Department. For example, if an assault occurs between two students who may have had a disagreement, there may be no on-going threat to other College community members, therefore; a Timely Warning Notice would not be distributed. Sexual Assaults are considered on a case by case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount of information known by the Campus Safety Department. Timely Warning Notices may be distributed for other crimes as determined necessary by the Director of Campus Safety or his or her designee in his or her absence.

Anyone with information warranting a timely warning should provide the information

to the Campus Safety office, by phone (517) 265-5161 extension 0, or in person at the Campus Safety office located in the Caine Student Center, 1325 Williams Street, Adrian, MI 49221.
