Adrian College is an Equal Opportunity Employer
Job Title: Database Work Study

Department: Information Technology Department – Database

Start Date: 8/22/2016

Number of hours per week: 6

Job Description/Responsibilities:

Duties: • Assist with record and table cleanup in Student Information System. • Assist with record and table cleanup in The Raisers Edge System (Alumni/Development) • Assist with removal of duplicated data in student records, update student attributes, student activities, and historical data. • As priorities change throughout the college campus, the work study may work on more than one project at a time. Project 1 (FileMaker) Assist in the setup and data entry necessary for the databases to operate. This will involve data entry and manipulation. Project 2 (SIS – RE) The work study will be working with the IT Database support personnel assisting with data clean up. The data in the current Student Information Systems will eventually connect with our Raisers Edge System which houses our Alumni and Development data. The systems require table entries within to match; prior to the system being able to pass data from one system to the other. To meet this objective the data has to be reviewed, in Student Information System, duplicated items removed, table entries entered or replaced. The work study will work with the department to assist with the completion of this required task. Project 3 (SIS Data Cleanup) The work study will work with historical data in the student information system. This data cleanup involves removing duplicated items presently on student records. The data cleanup will include: student attributes, student activities, ACT/SAT scores, athletics, etc. The work study will review both data sets entered into the system to determine per student which scores are higher; and remove the old or duplicated item entered into the student record. To meet this objective the data has to be reviewed, in Student Information System, duplicated items removed, table entries entered or replaced. The work study will work with the department to assist with the completion of this required task. Project 4 (RE -Data Cleanup) The work study will work with data in the Raisers Edge system updating constituent data in records. This data cleanup connects with Project 1 The work study will be working with the IT Database support personnel assisting with data clean up. Data in the Raisers Edge System houses Alumni and Development data. The two systems require the exact table names to work together to pass data from one system to the other. Updates will include contact update information: Phone and email types, County, State, and Country table entries. To meet this objective the data in the Raisers Edge System (Alumni/Development) table entries updated, duplicated items removed, and newer entries entered or replaced. The work study will work with the department to assist with the completion of this required task.

Required Skills:

Confidentiality: The individual will have access to Student Information Systems and the Raiser’s Edge System. Proficient: Gmail (ability to add attachments); Word and Excel. Software: Ability to learn parts of the Student Information System, the Raiser’s Edge System and FileMaker Pro. (Training will be provided) Professional: Willing to work in a fast paced environment with interruption, ability to multi-task. Supervisor: This person reports to the Blackbaud Database Assistant.

Cumulative GPA: 3.0

Major Requirement: N/A

Nights or Weekends Required? No

Adrian College is an Equal Opportunity Employer
**Job Title:** Chaplain's Office Assistant

**Department:** Chaplain

**Start Date:** August 2016

**Number of hours per week:** 6

**Job Description/Responsibilities:**

Chaplain’s Office Staff Covenant  General Requirements: 1. Confidentiality: All phone calls, personal visits to the office, internal conversations, are to be treated with respect and in confidence. 2. Dress: Dress should be fitting for the dignity of a chaplain’s office. We dress a bit informally at times, but our dress should be respectful of ourselves and others. 3. Communication: This is a very “people” oriented office. We are to be an affirming place for people. Language in the Chaplain’s Office and communication representing the Chaplain’s Office will be inclusive and respectful of all persons. 4. Dependability/Reliability: Being on time, calling prior to not showing up for assigned time, etc. Please think ahead and use courtesy if your schedule changes. Duties: The following are some of the jobs you may be asked to perform. 1. Serving as receptionist (receiving people/taking messages/answering telephone, etc.) as instructed by the Chaplain. 2. Making routine telephone calls and sending electronic communication (meeting reminders, etc.) 3. Designing flyers, electronic postings, communication initiatives, etc. 4. Photocopying of flyers, agendas, minutes, and other official Chaplain’s Office documents 5. Preparation of hard copy mailings, flyers, minutes, etc. 6. Errands (pick-up and delivery of materials related to ministry operation from other offices, posting of flyers, etc.) 7. Planning, designing, and preparing weekly chapel services 8. Other appropriate clerical/communications tasks requested by the Chaplain.  

**Sample Expectations:** 1. THE OUTER OFFICE COMPUTER IS FOR OFFICIAL USE ONLY. 2. Telephones in the office are for official business (except for emergency). 3. Office supplies are for office use only. 4. Books, the computer, and other items in the Chaplain’s inner office are only to be used with his permission. 5. Hours for work will be scheduled when you first come into the office. Your work schedule will be determined by your class schedule and will be arranged so that meal times, class times, and chapel times will not conflict with your work. 6. Please be prompt. If you are going to be late for work we need you to call the office to inform us.  

**Job Termination:** Of course, we’re looking forward to a great working relationship. But just the same, we ought to share in advance a procedure regarding any potential need for termination. 1. Verbal Warning Verbal expression from the Chaplain regarding concern will be shared with the staff member. At this point a probation period will be established. 2. Letter of Warning If the first step does not heal the situation, a written statement of concern will be issued by the Chaplain. A shorter, second probation period will be established. 3. Letter of Termination If the second step does not heal the situation, a final notice of termination will be issued by the Chaplain. Time Sheets: Time sheets are distributed from the Business Office. Staff members are responsible for signing in and out each time they work. At the end of the two-week period, staff members must add up their hours and sign their time sheets. The Chaplain will then verify and sign the time sheets. Finally, arrangements will be made to have the time sheets taken to the Business Office.

Project 1 (FileMaker)
- Assist in the setup and data entry necessary for the databases to operate. This will involve data entry and manipulation.

Project 2 (SIS – RE)
- The work study will be working with the IT Database support personnel assisting with data cleanup. The data in the current Student Information Systems will eventually connect with our Raisers Edge System which houses our Alumni and Development data. The systems require table entries within to match; prior to the system being able to pass data from one system to the other. To meet this objective the data has to be reviewed, in Student Information System, duplicated items removed, table entries entered or replaced. The work study will work with the department to assist with the completion of this required task.

Project 3 (SIS Data Cleanup)
- The work study will work with historical data in the student information system. This data cleanup involves removing duplicated items presently on student records. The data cleanup will include: student attributes, student activities, ACT/SAT scores, athletics, etc. The work study will review both data sets entered into the system to determine per student which scores are higher; and remove the old or duplicated item entered into the student record. To meet this objective the data has to be reviewed, in Student Information System, duplicated items removed, table entries entered or replaced. The work study will work with the department to assist with the completion of this required task.

Project 4 (RE -Data Cleanup)
- The work study will work with data in the Raisers Edge system updating constituent data in records. This data cleanup connects with Project 1. The work study will be working with the IT Database support personnel assisting with data cleanup. Data in the Raisers Edge System houses Alumni and Development data. The two systems require the exact table names to work together to pass data from one system to the other. Updates will include contact update information: Phone and email types, County, State, and Country table entries. To meet this objective the data in the Raisers Edge System (Alumni/Development) table entries updated, duplicated items removed, and newer entries entered or replaced. The work study will work with the department to assist with the completion of this required task.

**Required Skills:**

- Confidentiality: The individual will have access to Student Information Systems and the Raiser’s Edge System.
- Proficient: Gmail (ability to add attachments); Word and Excel. Software: Ability to learn parts of the Student Information System, the Raiser’s Edge System and FileMaker Pro. (Training will be provided)
- Professional: Willing to work in a fast paced environment with interruption, ability to multi-task.
- Supervisor: This person reports to the Blackbaud Database Assistant.
